<sup>1</sup> MSW = Municipal Solid Waste

<sup>2</sup> This includes materials that are disposed of instead of being recycled and also residues from incineration that are landfilled

<sup>3</sup> MSW Incinerated, excludes the residue from incineration that is either landfilled or recycled

<sup>4</sup> MSW Recycled/Composted, includes residue from the incinerator that is recycled.

<sup>5</sup> BMW = Biodegradable Municipal Waste

\*East Ayrshire data include some industrial waste and will be reviewed

\*\*Shetland data do not include bottom ash

Please note the sum of landfilled, incinerated and recycled/composted wastes may differ from the total waste arisings for a local authority. From April 05 local authorities have been asked to report stockpiled materials in the quarter when the material is sent to reprocessors to avoid discrepancies with the total arisings
