

## Schedule to the Environmental Regulation (Scotland) Charging Scheme 2016

Table of activity application charges and activity components.

1. (1) The table below contains the activity application charges and activity components referred to in this Scheme.

(2) Where an activity appears to fall within the activity type “large and complex activity” and another activity type, that activity must be regarded as falling only within the activity type “large and complex activity”.

TABLE

No	Column 1	Column 2	Column 3	Column 4	Column 5	Column 6	Column 7
	Sector	Sub sector	Legislation	Activity Type	Activity Application Charge	Activity Component	Environmental component
1	All sectors						
2		Small activities not attracting annual charges	CA Regulations	Discharge of organic effluent which does not exceed 15 population equivalent (includes discharges to soakaways)	£130	£0	No
3				Discharge of sewage (including discharges to soakaways) built before 1 April 2006 which does not exceed 50 population equivalent; or built after 1 April 2006 and does not exceed 15 population equivalent.	£130	£0	No

## SCOTTISH ENVIRONMENT PROTECTION AGENCY

No	Column 1	Column 2	Column 3	Column 4	Column 5	Column 6	Column 7
	Sector	Sub sector	Legislation	Activity Type	Activity Application Charge	Activity Component	Environmental component
4				Discharge from non-commercial fish hatcheries for native fish	£130	£0	No
5				Discharge from tank fish farms/hatcheries where production does not exceed 0.5 tonnes per annum	£130	£0	No
6				Discharge of inorganic and other trade effluents (not landfill leachates) which do not exceed 10 cubic metres per day or 15 population equivalent	£130	£0	No
7				Discharge of cooling water with no chemical or temperature implications for the environment.	£130	£0	No
8				Abstraction from inland waters of between 10 and 50 cubic metres per day.	£130	£0	No
9				Abstraction from lochs where the full amount abstracted is returned to the same loch	£130	£0	No
10				Abstraction from offline impoundments (e.g. storage ponds)	£130	£0	No
11				Abstraction from any coastal and transitional water not exceeding 10 cubic metres per day.	£130	£0	No

## SCOTTISH ENVIRONMENT PROTECTION AGENCY

No	Column 1	Column 2	Column 3	Column 4	Column 5	Column 6	Column 7
	Sector	Sub sector	Legislation	Activity Type	Activity Application Charge	Activity Component	Environmental component
12				Abstraction from groundwater greater than 10 but not exceeding 50 cubic metres per day.	£130	£0	No
13				Impoundment - off-line or an isolated pond	£0	£0	No
14				Engineering involving the removal of sand, silt or clay from the bed of previously straightened rivers and burns which are over 1 metre but not exceeding 5 metres wide. Up to 500 metres length, along the bed, may be removed.	£130	£0	No
15				Engineering involving sediment management in canals, lades and other artificial inland surface waters	£130	£0	No
16				Engineering involving sediment management within 10 metres of a bridge	£130	£0	No
17				Engineering involving sediment management in open culverts that do not exceed 2 metres wide	£130	£0	No
18				Engineering involving removal of sediment from individual and discrete areas of exposed sediment such as gravel bars within a length of river or burn not exceeding 1 kilometre	£130	£0	No

## SCOTTISH ENVIRONMENT PROTECTION AGENCY

No	Column 1	Column 2	Column 3	Column 4	Column 5	Column 6	Column 7
	Sector	Sub sector	Legislation	Activity Type	Activity Application Charge	Activity Component	Environmental component
19				Engineering involving green bank reinforcement or re-profiling not exceeding 50 metres in length	£130	£0	No
20				Engineering of bridges with no construction on river bed and which do not affect more than 20 metres of total bank.	£130	£0	No
21				Engineering of closed culverts used for footpaths, cycle routes, single track roads or railways in rivers that do not exceed 2 metres in width	£130	£0	No
22				Engineering involving river bed reinforcement that does not affect more than 10 metres in length downstream of closed culverts	£130	£0	No
23				Engineering of in-loch structures with a total area not greater than 50 square metres	£130	£0	No
24				Engineering of outfall structures required for a point source discharge	£0	£0	No
25				Engineering involving the construction of a structure before an authorised activity can take place, where the engineering activity is secondary to the primary activity	£0	£0	No
26				Engineering involving removal of structures in or near water bodies	£0	£0	No

## SCOTTISH ENVIRONMENT PROTECTION AGENCY

No	Column 1	Column 2	Column 3	Column 4	Column 5	Column 6	Column 7
	Sector	Sub sector	Legislation	Activity Type	Activity Application Charge	Activity Component	Environmental component
28			1990 Act	Storage of waste following a community clear up	£0	£0	No
29	Agriculture						
30		Agriculture (excluding irrigation)	CA Regulations	Abstraction for agricultural use (other than irrigation) that does not exceed 2000 cubic metres per day	£1,200	£639	No
31				Abstraction for agricultural use (other than irrigation) that does not exceed 2,000 cubic metres per day operating only between 1 October to 31 March.	£465	£243	
32				Abstraction for agricultural use (other than irrigation) that exceeds 2000 cubic metres per day	£3,000	£1,184	
33		Agriculture (excluding irrigation)	CA Regulations	Abstraction for agricultural use (other than irrigation) that does not exceed 2000 cubic metres per day	£1,200	£639	No
34				Abstraction for agricultural use (irrigation - mobile and/or fixed intake) that does not exceed 2,000 cubic metres per day operating between 1 October to 31 March only.	£465	£243
