

Local Plan District summary tables for the north of Scotland:

To develop co-ordinated and sustainable plans to tackle flooding, Scotland has been divided into Local Plan Districts (LPDs). These geographic regions are based on whole river catchments and span traditional administrative boundaries. In the north there are 6 Local Plan Districts, each having one nominated local authority to take the lead. (Highland and Argyll LPD partially overlaps into the south west area from the north area). Within these defined areas SEPA, local authorities, Scottish Water, National Park Authorities and Forestry Commission Scotland will work closely to tackle flooding.

The tables below show key facts and link to information about each Local Plan District. Minutes from Lead Local Authority meetings are available on request from flooding@sepa.org.uk

| Local Plan District | Highland and Argyll | | | | | | | | |
|--------------------------------------|--|--------|------------|---------------|-----|-------|-----|---------|-----|
| Number of local authorities | 2 | | | | | | | | |
| Lead local authority | Highland Council | | | | | | | | |
| Local advisory group | Contact flooding@sepa.org.uk for membership list | | | | | | | | |
| Sources of flooding | <p>A pie chart illustrating the distribution of flooding sources in the Highland and Argyll Local Plan District. The chart is divided into three segments: a blue segment representing 'Surface water' at 41%, a red segment representing 'River' at 39%, and a green segment representing 'Coastal' at 20%. A legend to the right of the chart identifies the colors: blue for Surface water, red for River, and green for Coastal.</p> <table border="1"> <thead> <tr> <th>Source</th> <th>Percentage</th> </tr> </thead> <tbody> <tr> <td>Surface water</td> <td>41%</td> </tr> <tr> <td>River</td> <td>39%</td> </tr> <tr> <td>Coastal</td> <td>20%</td> </tr> </tbody> </table> | Source | Percentage | Surface water | 41% | River | 39% | Coastal | 20% |
| Source | Percentage | | | | | | | | |
| Surface water | 41% | | | | | | | | |
| River | 39% | | | | | | | | |
| Coastal | 20% | | | | | | | | |
| Flood Warning areas | 34 Flood Warning areas | | | | | | | | |

| Local Plan District | Outer Hebrides | | | | | | | | |
|--------------------------------------|---|--------|------------|---------------|-----|-------|-----|---------|-----|
| Number of local authorities | 1 | | | | | | | | |
| Lead local authority | Western Isles Council | | | | | | | | |
| Local advisory group | Contact flooding@sepa.org.uk for membership list | | | | | | | | |
| Sources of flooding | <p>A pie chart illustrating the sources of flooding in the Outer Hebrides. The chart is divided into three segments: Coastal (46%, green), Surface water (32%, blue), and River (22%, red). A legend to the right of the chart identifies the colors: blue for Surface water, red for River, and green for Coastal.</p> <table border="1"> <thead> <tr> <th>Source</th> <th>Percentage</th> </tr> </thead> <tbody> <tr> <td>Surface water</td> <td>32%</td> </tr> <tr> <td>River</td> <td>22%</td> </tr> <tr> <td>Coastal</td> <td>46%</td> </tr> </tbody> </table> | Source | Percentage | Surface water | 32% | River | 22% | Coastal | 46% |
| Source | Percentage | | | | | | | | |
| Surface water | 32% | | | | | | | | |
| River | 22% | | | | | | | | |
| Coastal | 46% | | | | | | | | |
| Flood Warning areas | 0 Flood Warning areas | | | | | | | | |

| Local Plan District | Findhorn, Nairn and Speyside | | | | | | | | |
|--------------------------------------|---|--------|------------|---------------|-----|-------|-----|---------|----|
| Number of local authorities | 2 | | | | | | | | |
| Lead local authority | Moray Council | | | | | | | | |
| Local advisory group | Contact flooding@sepa.org.uk for membership list | | | | | | | | |
| Sources of flooding | <p>A pie chart illustrating the sources of flooding in Findhorn, Nairn and Speyside. The chart is divided into three segments: River (55%, red), Surface water (42%, blue), and Coastal (3%, green). A legend to the right of the chart identifies the colors: blue for Surface water, red for River, and green for Coastal.</p> <table border="1"> <thead> <tr> <th>Source</th> <th>Percentage</th> </tr> </thead> <tbody> <tr> <td>Surface water</td> <td>42%</td> </tr> <tr> <td>River</td> <td>55%</td> </tr> <tr> <td>Coastal</td> <td>3%</td> </tr> </tbody> </table> | Source | Percentage | Surface water | 42% | River | 55% | Coastal | 3% |
| Source | Percentage | | | | | | | | |
| Surface water | 42% | | | | | | | | |
| River | 55% | | | | | | | | |
| Coastal | 3% | | | | | | | | |
| Flood Warning areas | 28 Flood Warning areas | | | | | | | | |

| | |
|--------------------------------------|---|
| Local Plan District | Orkney |
| Number of local authorities | 1 |
| Lead local authority | Orkney Islands Council |
| Local advisory group | Contact flooding@sepa.org.uk for membership list |
| Sources of flooding | <p>A pie chart illustrating the sources of flooding in Orkney. The chart is divided into three segments: a large green segment representing Coastal flooding at 52%, a red segment representing River flooding at 27%, and a blue segment representing Surface water flooding at 21%. A legend to the right of the chart identifies the colors: blue for Surface water, red for River, and green for Coastal.</p> |
| Flood Warning areas | 0 Flood Warning areas |

| | |
|--------------------------------------|--|
| Local Plan District | North East |
| Number of local authorities | 3 |
| Lead local authority | Aberdeenshire Council |
| Local advisory group | Contact flooding@sepa.org.uk for membership list |
| Sources of flooding | <p>A pie chart illustrating the sources of flooding in the North East. The chart is divided into three segments: a blue segment representing Surface water flooding at 47%, a red segment representing River flooding at 47%, and a small green segment representing Coastal flooding at 6%. A legend to the right of the chart identifies the colors: blue for Surface water, red for River, and green for Coastal.</p> |
| Flood Warning areas | 17 Flood Warning areas |

| Local Plan District | Shetland | | | | | | | | |
|--------------------------------------|---|--------|------------|---------|-----|---------------|-----|-------|-----|
| Number of local authorities | 1 | | | | | | | | |
| Lead local authority | Shetland Islands Council | | | | | | | | |
| Local advisory group | Contact flooding@sepa.org.uk for membership list | | | | | | | | |
| Sources of flooding | <p>A pie chart illustrating the sources of flooding. The largest segment is Coastal at 62%, followed by Surface water at 23%, and River at 15%. A legend to the right of the chart identifies the colors: blue for Surface water, red for River, and green for Coastal.</p> <table border="1"> <thead> <tr> <th>Source</th> <th>Percentage</th> </tr> </thead> <tbody> <tr> <td>Coastal</td> <td>62%</td> </tr> <tr> <td>Surface water</td> <td>23%</td> </tr> <tr> <td>River</td> <td>15%</td> </tr> </tbody> </table> | Source | Percentage | Coastal | 62% | Surface water | 23% | River | 15% |
| Source | Percentage | | | | | | | | |
