

SEPA Approved Exporters of WEEE - 2013

Listed below are all the approved exporters of WEEE accredited by SEPA and their accreditation status. This register will be periodically updated to reflect any changes to the status of the approved exporters, but may not be up to date at any given time. Therefore it remains the responsibility of all schemes to exercise due diligence in ensuring that the evidence they obtain is valid and that it has been issued by an exporter who is approved.
